## **A Letter From The Superintendent**

---

Dear Parents and Students:

Welcome to the 2018-2019 school year in the Sumter County Schools! We are committed to providing all students the highest quality education in a safe and secure learning environment. A cornerstone of this effort is the Code of Student Conduct. This booklet includes the Code of Conduct and information about the rules that students are expected to follow, as well as the consequences for unacceptable behavior. The Code also describes the rights of students as well as the responsibilities coupled with those rights. Although the Code of Student Conduct is followed by each school, other matters such as dress code are within the jurisdiction of the school.

This Code applies to students while they are in school, while they are on school buses and at bus stops, and while they are at extracurricular or after school activities where teachers and administrators have supervisory responsibility. The Code has been reviewed and approved by the School Board.

While the Code may seem detailed, one basic rule for students is always true—success in school is usually a matter of making proper choices in critical situations. Knowing the rules and knowing the expectations of student behavior are important first steps. The assistance of parents and school staff is necessary to insure students are aware of what is expected of them.

I encourage you to read this booklet carefully and if you have any question, contact your school administrators or our district office. We will be available to address your questions or concerns.

A safe and disciplined school is one where teachers can teach and students can concentrate on learning. Thank you for your efforts as parents and students, who with school personnel, create an environment where academics flourish and students succeed. We believe this high level of achievement begins with order and respect in the school, supported through fair and consistent enforcement of school rules.

We look forward to a great year in the Sumter County Schools and thank you for your help in providing the best possible education for our young people.

Sincerely,

Richard A. Shirley

Superintendent

Upon two additional unexcused absences, an attendance contract shall be initiated which specifically states the possibility of criminal truancy charges and/or placement review. If at any time the student reaches criminal truancy (15 unexcused in 90 calendar days), consecutive months with 5+ unexcused absences, or 10 total unexcused absences a placement review will be initiated by the school principal. While under review the student will remain on campus so as not to cause further loss of academic seat time. The purpose of the placement decision will be to allow the student adequate time to catch up on core academic concepts missed by the excessive absences during the school year in an alternative setting with emphasis on direct core instruction and self-paced opportunity for growth.

**BULLYING AND HARASSMENT:** The Sumter County School Board will not tolerate bullying and harassment of any type. Bullying means systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees. It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation. Conduct that constitutes bullying and harassment, as defined in Board Rule (5.321), is prohibited.

**HAZING:** The Sumter County School Board will not tolerate hazing. Hazing means any action or situation that endangers the mental or physical health or safety of a student at a school with any of grades 6 through 12 for purposes of initiation or admission into or affiliation with any school-sanctioned organization. It includes, but is not limited to: (a) pressuring, coercing, or forcing a student to participate in illegal or dangerous behavior, or (b) any brutality of a physical nature, such as whipping, beating, branding, or exposure to the elements.

**POSSESSION OF A FIREARM OR WEAPON AS DEFINED IN CHAPTER 790:** Simulating a firearm or weapon while playing or wearing clothing or accessories that depict a firearm or weapon or express an opinion regarding a right guaranteed by the Second Amendment to the United States Constitution is not grounds for disciplinary action or referral to the criminal justice or juvenile justice system under this section or s.1006.13.

However, a student may be subject to disciplinary action if simulating a firearm or weapon while playing substantially disrupts student learning, causes bodily harm to another person, or places another person in reasonable fear of bodily harm. The severity of consequences imposed upon a student, including referral to the criminal justice or juvenile justice system, must be proportionate to the severity of the infraction and consistent with district school board policies for similar infractions.

**APPROPRIATE DRESS:** The Sumter County School Board will prohibit a student while on the grounds of a public school during the regular school day, from wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment. Each school will provide a written dress code for students that explains the responsibility of each student with regard to appropriate dress, respect for self and others, and the role that appropriate dress and respect for self and others has on an orderly learning environment.

Any student who violates the dress code policy described is subject to the following disciplinary actions:

- A. For a first offense, a student shall be given a verbal warning and the school principal or designee shall call the student's parent or guardian.
- B. For a second offense, the student is ineligible to participate in any extracurricular activity for a period of time not to exceed 5 days and the school principal or designee shall meet with the student's parent or guardian.
- C. For a third or subsequent offense, a student shall receive an in-school suspension pursuant to s. 1003.01(5) for a period not to exceed 3 days, the student is ineligible to participate in any extracurricular activity for a period not to exceed 30 days, and the school principal or designee shall call the student's parent or guardian and send the parent or guardian a written letter regarding the student's in-school suspension and ineligibility to participate in extracurricular activities.

**GANG ACTIVITY:** The Sumter County School Board prohibits gang activity, gang paraphernalia and gang related attire in all schools, on school property, and at all school sponsored activities.

**TEACHER AUTHORITY TO REMOVE STUDENTS FROM THE CLASSROOM:** Pursuant to Florida Statutes, any teacher has the authority to "remove" a student from his or her classroom for repeated disruptive behavior or a violent incident. The major provisions of this statute are as follows:

- A. Teachers who invoke the provisions of this statute must document that a student's behavior repeatedly interfered with the learning process in the classroom or the student's behavior was so unruly, disruptive, or abusive that it interfered with the effective conduct of the class.

- B. Principals may not return a student to that class when the teacher removed the student without the permission of that teacher or the direction of a placement review committee. The principal must find other placements for the student as indicated by the discipline referral.
- C. Teachers removing more than 25% of their students must participate in professional development activities related to classroom behavior management skills.

**LIMITS OF SUPERVISION :** Supervision by school personnel will be limited to thirty (30) minutes before and thirty (30) minutes after school or school activity. Failure to comply with this policy will result in the following consequences. **First offense will be a verbal warning and the principal's designee will call the parent or guardian. After a second offense the student may not be allowed to attend any after school activities the rest of the school year and special attendance approval may be affected.**

**Department of Juvenile Justice :** Florida law requires the Department of Juvenile Justice to notify the school district of a student attending its schools who has been adjudicated or pled to certain felony violations and whether the offender is to be prohibited from attending the same school or riding on the same bus whenever the victim or a sibling of the victim is attending the same school or riding the same bus. Upon notice, the school district is required to carry out these provisions.

**Serious Offences :** It is essential that schools be safe and orderly to provide environments that promote learning and high academic achievement. Violence in school, therefore, will not be permitted. This Code of Student Conduct requires that students found to have committed the following offenses on school property, school sponsored transportation, or during a school sponsored activity shall receive the most severe consequences provided for by school board policy.

- a. Homicide
- b. Sexual battery
- c. Armed robbery
- d. Aggravated battery
- e. Battery or aggravated battery on a teacher or other school personnel
- f. Kidnapping or abduction
- g. Arson
- h. Possession, use, or sale of any firearms
- i. Possession, use, or sale of any explosive device

**NOTICE:** Any student who is determined to have brought a firearm, as defined in 18 U.S.C.S. 921 or a firearm as defined in F.S. 790, to any school, school function or any school-sponsored transportation will be expelled with or without continuing educational services, from the student's regular school for a period of not less than one (1) full year and referred for criminal prosecution. Further, any student who is determined to have made a threat or false report, as defined by 790.162 and 790.763 F.S., respectively, involving school or school personnel's property, school transportation, or a school sponsored activity will be expelled, with or without continuing educational services, from the student's regular school for a period of not less than one (1) full year and referred for criminal prosecution.

- A. Alternative corrective measures shall be used in lieu of suspension or expulsion, whenever possible. Examples of alternative measures may include, but are not limited to, verbal correction, counseling, parent conference, make-up time, and an alternative education class room.

These additional alternative corrective measures may also be used for Exceptional Education students; time-out, acute time-out at home, partial school day, alternative education classroom and after school instruction.

- B. Suspension is defined as the temporary removal of a student from the regular school program for a period not to exceed ten (10) school days. A student may be suspended from school by the principal, or designee, for a period not more than ten (10) school days on any one suspension. The Superintendent may extend suspension in cases where the date of the expulsion hearing will exceed ten (10) school days.
- C. Expulsion is defined as the removal of the right and obligation for a student to attend a public school for the remainder of a term or school year. The Sumter County School Board has the sole right to expel a student from the public school system upon the recommendation of the county superintendent of schools, for serious offenses that endanger the welfare of students or cause disruption in any way.

*Students that are suspended/expelled are not to enter any school campus or participate in any extra-curricular activities during suspension/expulsion. If the student enters any school campus during the suspension/expulsion period he/she may be arrested for trespassing.*

---

The sole purpose of this review is to decide if the student was given due process at the school. All such requests must be in writing and must be submitted within three (3) school days after the conference with the principal outlined in STEP 4.

Due Process Procedure for Suspension or Expulsion - A student accused of serious misconduct that, in the opinion of the principal, requires suspension or expulsion from school, shall be afforded the following due process procedure.

- STEP 1.** The student must be told by the principal, or designee, the reason(s) for consideration of suspension.
- STEP 2.** The student must be given the opportunity to present his/her side of the matter, either verbally or in writing, and must have the opportunity to present witnesses to the incident.
- STEP 3.** The student and parent must receive a written report of the suspension, with a copy forwarded to the superintendent.
- STEP 4.** The student and parent have the right to a hearing with the principal, upon request of the parent, to discuss the discipline imposed. All such requests must be made within three (3) school days of the sending of the notice of suspension.
- STEP 5.** The parent may request an administrative review by a committee appointed by the superintendent, after the conference with the principal outlined in STEP 4.

**DRUG AND ALCOHOL:** The unlawful possession and use of alcohol, illegal drugs, or any substances when used as an hallucinogenic substance is wrong and harmful. At a minimum, the unlawful possession, use, or distribution of such by students on school premises, or, as part of any of the schools' activities, is prohibited. Responses, as included herein, up to and including expulsion and referral for prosecution, will be imposed on students who are in violation of this infraction.

#### EXTRACURRICULAR ACTIVITY ELEGIBILITY STANDARDS:

In order to participate in extracurricular/co-curricular activities or athletic programs, students must adhere to school board policies, school-based criteria, and applicable law. It is important for students to understand that the behavioral expectations placed upon them by the school can extend beyond the classroom and school campus. If a student is suspended or expelled, they cannot participate in extracurricular activities during the time of the suspension/expulsion. Pursuant to Florida Law, the school board has the authority to withhold participation privileges from students.

With this in mind, any student who has been formally charged with a felony or similar offense by a prosecuting attorney shall be excluded from participation in extracurricular/co-curricular activities and athletics for a minimum of one calendar year. If the student is not found guilty or if the charges are dismissed, the student may return upon presenting documentation of the court's decision. Any student who has committed a level III hazing offense shall be excluded from participation in extracurricular/co-curricular activities for a minimum of one calendar year.

Nothing in this section of the Code of Student Conduct shall preclude the exercising of any existing authority of the Superintendent or his designee.

## **SUSPENSION AND EXPULSION PROCEDURES FOR EXCEPTIONAL STUDENTS:**

In order to ensure that the disabled student's parents/guardians are informed of the procedures related to Expulsion and Suspension of Exceptional Education Students, the ESE department will distribute copies of this policy to all parents of currently enrolled students at the beginning of the school year.

For all new students enrolling in an Exceptional Education program, a copy of the policy as well as an explanation of its content will be given to the parent/guardian at the time of the initial Individual Educational Plan (IEP) meeting, prior to securing the official parent consent for placement.

Alternative corrective measures shall be used in lieu of suspension or expulsion, whenever possible. Examples of alternative measures may include, but are not limited to: verbal correction, counseling, time-out, parent conference, make-up time, acute time-out at home, partial school day, alternative education classroom, and after school instruction.

**SUSPENSION** is defined as the temporary removal of a student from his regular school program for a period not to exceed ten (10) school days. A student may be suspended from school by the principal or designee. At such time as a disabled student has been suspended according to ESE discipline policy guidelines, the administrator/designee of the exceptional student education program should be notified. The following procedures shall be implemented:

1. The administrator/designee may set an IEP meeting. The membership of the IEP committee shall be in accordance with requirements of IDEA.
2. The IEP committee shall make recommendations as follows:
  - a. conduct a functional behavioral assessment and implement a behavioral intervention plan, OR
  - b. if the child already has a behavioral intervention plan, the IEP committee shall review the plan and modify it, as necessary, to address the behavior.

**EXPULSION** is defined as the removal of the right and obligation of a student to attend public school under conditions set by the school board, and for a period of time not to exceed the remainder of the term or school year.

Sumter County School Board has the sole right to expel a student from the public school system upon the recommendation of the county superintendent of schools, for serious offenses as designated in this document under Level IV Infractions. Where a disabled student's behavior could warrant suspension of MORE than ten (10) school days (cumulative or concurrent) or a recommendation for expulsion consistent with the district's policies, the following provisions shall apply:

1. Beginning on the eleventh (11<sup>th</sup>) cumulative day in a school year that a child with a disability is removed from his/her current placement, the school district must provide those services that the school that the school principal/assistant principal, in consultation with the child's special educational teacher, determine to be necessary to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's IEP. The principal and ESE teacher will determine what services and where those services will be provided. This means that for the remainder of the removal, that includes the eleventh day, and for any subsequent removals, services must be provided to the extent determined necessary, while the removal continues.

2. An IEP committee shall meet to determine whether the misconduct is a manifestation of the student's disability (20 U.S.C. 1415 (K)(4)). The membership of the IEP committee shall be in accordance with requirements of IDEA.
  - a. If a Functional Behavioral Assessment has not been conducted and an Intervention Plan implemented, the committee must find that the misconduct is a manifestation of the student's disability and develop a plan for conducting a Functional Behavioral Assessment and Behavioral Intervention Plan AND
  - b. If the misconduct is a manifestation of the student's disability then the student may not be expelled; however, a review of the IEP shall be conducted and other alternatives considered and an appropriate educational program be implemented as soon as possible.
  - c. If the IEP team determines that the misconduct was not a manifestation of the child's disability then the child may be suspended or expelled like a regular education student; however, the disabled student MUST continue to receive an educational program which includes all the services listed on his/her IEP. Additionally, the alternative program must enable the child to continue to participate in the general curriculum, although in another setting and include services and modifications designed to address the child's behavior so that it does not recur.
3. If a disabled student carries a weapon to school or knowingly possesses or uses illegal drugs or sells or solicits the sale of illegal drugs while at school, the disabled child may be sent to an alternative educational setting for up to 45 calendar days. If the IEP team determines that the child's behavior is a manifestation of his/her disability, the child should be returned to his/her previous educational placement as soon as possible (prior to the expiration of the 10 or 45 day period). The IEP team may wish to consider changes or modifications to the current IEP/Placement with respect to the behavior for which the child was referred for suspension/expulsion.
4. The disabled student is afforded the protections outlined in the *Summary of Procedural Safeguards*.

A regular education or disabled student accused of serious misconduct that, in the opinion of the principal, requires suspension or expulsion from school, shall be afforded the following due process procedure:

- STEP 1.** The student must be told by the principal, or designee, the reason(s) for consideration of suspension.
- STEP 2.** The student must be given the opportunity to present his/her side of the matter, either verbally or in writing, and must have the opportunity to present witnesses to the incident.
- STEP 3.** The student and parent must receive a written report of suspension, with a copy forwarded to the superintendent.
- STEP 4.** The student and parent have the right to a hearing with the principal, upon request of the parent, to discuss the discipline imposed. All such requests must be made within (3) three school days of the sending of the notice of suspension.
- STEP 5.** The parent may request an administrative review by a committee appointed by the superintendent, after the conference with the principal outlined in STEP 4.

**BUS DISCIPLINE**  
**Middle and High Schools**

Student behavior on buses must be good in order for our students to be transported safely. Drivers will be trained in assertive discipline for use in working with students who exhibit unsatisfactory behavior. Using that model, the following responses will be made by the building administrator for infractions reported by the driver.

**FIRST OFFENSE:** Warning and counseling (more severe action will be taken in cases of endangering the safety of others, insubordination, or vandalism).

---

**SECOND OFFENSE:** 3-day suspension of bus riding privileges and parent conference.

---

**THIRD OFFENSE:** 5-day suspension of bus riding privileges.

---

**FOURTH OFFENSE:** 10-day suspension of bus riding privileges.

---

**FIFTH OFFENSE:** 10-day suspension of bus riding privileges.

---

**SIXTH OFFENSE:** 10-day suspension of bus riding privileges.

**AND/OR**

Recommendation to the School Board that bus riding privileges be suspended for the remainder of the year.

Student misconduct on the bus which constitutes a Level III or Level IV infraction of the Sumter County Code of Student Conduct may result in appropriate Level III or Level IV responses as outlined in the conduct policy.

In cases where corrective action involves suspension from the bus, parents have the responsibility to transport their children to and from school. Students who are suspended from a bus may not ride any district school bus and suspensions remain in effect if students transfer from one district school to another.

PreK and Kindergarten students will not be left at a bus stop if a parent/guardian or designated adult from the student's emergency pick up list is not present. A babysitter 12 years of age or older may be used as a pick-up designee if the parent has issued a letter to the school stating that the babysitter is allowed to make the pick-up. If these arrangements are not made and if there is no person present to pick-up the child from the bus stop then the student will be taken back to the school. The first offense will be a warning to the parent/guardian. The second offense (return to school with the child) will be a suspension from the bus for 3 days and a warning that the next offense will be a suspension from the bus for the remainder of the semester. Upon the 3<sup>rd</sup> offense the child will not be allowed to ride the bus for the rest of the semester.

\*Only students and school staff are allowed on school buses. Parents/guardians are only permitted to be on a school bus if they are operating as a volunteer/chaperone on a school field trip.
