Session 6

A close-up photograph of an artist's palette. The palette is a piece of wood with several dollops of thick paint in various colors: red, orange, yellow, green, blue, and purple. Two paintbrushes with wooden handles and metal ferrules are resting on the palette. One brush is positioned horizontally across the red and orange paint, and the other is positioned diagonally across the blue and green paint. The background is a textured, light-colored surface, possibly a table or wall, with some faint pinkish-red marks.

Why teens may choose
to ABSTAIN from
SEXUAL ACTIVITY

The SURVEY
says...

DELAY OR STOP SEXUAL ACTIVITY because....

- want to graduate high school
- want to graduate college or trade school
- want to wait for marriage
- want to be married before having a child
- want to have a full-time job before getting married or having a child.

The background of the slide is a close-up, high-resolution image of a large pile of M&M's candies. The candies are in various colors including red, orange, yellow, green, blue, and brown, and they are scattered across the entire frame. A semi-transparent dark blue horizontal band is overlaid across the middle of the image, containing the main text.

**Viral STDs such as
HIV/Aids, Herpes, and HPV
cannot be cured.**

TRUE

The background of the slide is a close-up, high-resolution image of numerous M&M's candies. The candies are in various colors including red, orange, yellow, green, blue, and pink, and they are scattered across the entire frame. A semi-transparent white horizontal band is positioned across the middle of the image, serving as a background for the main text.

**Pregnancy and STDs
can happen the
first time you have sex.**
