

INTERNAL SERVICE FUNDS

Internal service funds are established to account for any activity that provides goods or services to other funds or departments of the School Board.

Internal Service Fund is used to account for the Board's Workers Compensation program. This fund is used to pay for worker compensation charges and related expenses. The board currently contributes a different percentage of each person's salary to fund this plan depending on their job class code. An independent actuary also reviews this plan on an annual basis.

The Internal Service Fund is also used to account for the health insurance program, dental, vision, and life insurance programs and related expenses. The Board currently contributes a portion of the cost of the insurances.
